Civil Hospital from plagues. There has been a good deal of sickness at the Taikoo Sugar Works, Quarry Bay, and the steamer *Amstel* has been profitably chartered by the managers as a temporary residence for the employees. The sickness is believed to be due to a shipment of bones for the use of the Chinese, having got well developed quantities of maggots. It is a reading room for the use of some of the sailors of the *Sailors' Home* on the night of the 3rd inst. by a tea and public meeting, at which the Right Rev. Bishop Burdon and other gentlemen were present and spoke.

A Haras telegram states that M. Constant left Marseilles for Peking on the 15th July.

The French gunboat *Chasseur*, Captain Le Gouze, from Haiphong 29th July, arrived here on the 1st inst.

We hear that a telegram has been received stating that the German steamer *Prinz Albrecht* has been totally lost in the Mediterranean. She was on a voyage from Hamburg to Singapore, Hongkong, etc.

The convalescent *Sophie*, *Hercule*, and *Satellite*, and the gunboats *Merlin*, *Cochet*, and *Revoir* have been despatched, and the time-expired crews of these vessels add to the *Vigilant*, paid off on the 29th ult., left here Tuesday for the tropic *Tunav* at daylight.

A notification in Saturday's *Gazette* states that at a meeting held on the 18th July, the directors of the *Pei Lung* had voted to remove to the *Flora*, where he will take up his residence until his departure in order to put an end to the dispute between the *Flora* and his family, who are expected by the next French mail.

The excursion steamer *Hancon* arrived here on Sunday about 1 p.m. with a good number of passengers.

Most of them rushed to the Hotel for tea, but they were disappointed, as for those staying at the Hotel as boarders.

Another time they should give notice of coming.

The *Kia-kang* did not arrive until eight o'clock last night, owing to the low water.

We read in the *Independent* that Mr. W. Weston has received from the Portuguese Government the decoration of Knight of the Order of Christ.

The *Macau Independents* says that letters from Lisbon talk about the appointment of a Master of the Order of Christ, and of the present Knight of Macau, who is shortly expected to be invested with the powers to represent Portugal in the Court of the Celestial Empire. It is announced also by some papers that Senator Joaquim José da Graca will be appointed to the post of Minister, but the *Independent* doubts the accuracy of this assertion.

### CHINA.

#### CANTON.

The booty carried away by thieves from the Provincial *Taotsu* Yamen at Canton, as reported the other day, is estimated at about Tls. 6,000. Rewards have been offered by the *Na* and *Wu* for the apprehension of the *Yamen* Board under the provisions of Ordinance 1882.

We are glad to note that this need not affect the quarter, the annual death-rate per 1,000 for the quarter, was for the whole population, 39.44; British and Foreign community, 20.15, on deducting non-residents, 17.96; Chinese, 31.21.

It is notified in the *Governor's Gazette* that His Excellency the Acting Governor has been pleased to appoint the Hon. A. P. MacEwan and Dr. Patrick MacLean to the *Na* and *Wu* of the *Taotsu* Board under the provisions of Ordinance 1882.

There were 238 births, 116 males and 122 females, non-residents 12.

The annual death-rate per 1,000 for the quarter, was for the whole population, 39.44; British and Foreign community, 20.15, on deducting non-residents, 17.96; Chinese, 31.21.

The Canton correspondent of the *N. C. Daily News* writes, under date of the 19th July, that there has been a good deal of fighting lately in Hainan, where attempts are being made to bring the whole island under Imperial rule, much the same as has lately been done in Formosa. But the subjugation of the Li inhabitants may prove to be this, rather difficult. Since the division of the *Na* and *Wu* of the *Taotsu* Board, the *Na* in Canton, where the majority of revenue from outports have been diminished, and he supposes that smuggling has proportionately increased. The new *Na* had crossed the borders of the province on his way to take up his office in Canton—two months out from Shantou, having taken the inland route. An officer of some bands, the correspondent calls rebels, had been captured and taken to Canton, and imminent trials were to be had. The *Na* and *Wu* of the *Taotsu* Board were despatched inland under the command of General *Hsien*. There appears to be a good number of disturbances in the Kwantung province, probably assisted by the recently disbanded soldiery.

Concerning affairs in Tonquin a letter from Canton dated the 21st July, has been received by the *N. C. Daily News* to the following effect: The ill-fated expedition headed by Liang Sheng, who had been captured and sent to Canton to appeal to the court from Tonquin, had gained strength every day. It appears that the chief has firmly established himself at Yang Lo or Yang Lo Shing, where he has his headquarters. He has taken the style of Li Ping for his troops and has over 120,000 followers, who are now busily cultivating the plains of Tonquin, which are now in full flower. The river was despatched inland under the command of General *Hsien*. There appears to be a good number of disturbances in the Kwantung province, probably assisted by the recently disbanded soldiery.

At noon on Saturday, the 31st July, the steamer *Dafu*, which was recently damaged by being stranded on the rocks of Hainan Head, was put up for auction by Mr. F. A. Hasland, the Marshal of the Vice-Admiralty Court. The sum of 100,000 dollars was before the court against this vessel on behalf of the steamer *P. O. T. D.* A launch left *P. O. T. D.*'s wharf at 11.45, taking off the steamer, Mr. Bowles (solicitor for the ship), Mr. McDonald (of Messrs. Gilman & Co., the agents for the underwriters), who were present, and a number of other cases to be brought against the *Dafu*, if the prosecution demands it necessary to go on with them. If they all take as long as the present one, *Chang Chi* is likely to continue to occupy the attention of the court for a considerable period.
